Deadline for adjustment not met: last deadline and blocking notice

Object: Lindenstraße 123, 30283 Hannover, (May Mustermann)
Gas meter number: 3028330283

Hello,

we were not able to meet you on site on the agreed date for the adjustment of your gas appliances. Our technician left an appointment card in your mailbox during his visit. Unfortunately, we have not received any feedback from you so far. In order for you to be able to use your gas appliances (e.g. gas stove, boiler, heating) with H-gas, we have to adjust your appliances. For this purpose, our technician will visit you again on:

«DATE» in the time from «TIME_FROM» clock to «TIME_BY» clock.

For gas appliances not previously adjusted, see the list on the back of this letter.

Should we fail to meet you again on this date, we will be forced for security reasons to disconnect your point of consumption in accordance with Section 19a (4) Sentence 7 of the Energy Industry Act and Section 24 (I) No. 1 and No. 3 of the Low Pressure Connection Ordinance as of the following date: **«DEADLINE»**

Important notice

We do not announce the blocking again. You bear all costs associated with the blocking. This also applies to the unblocking of the point of consumption.

Last chance to avoid blocking

You can still avoid the blocking by contacting us no later than the next working day. You can reach us at the free service number 0800.36372489.

For your security

All companies commissioned by us will state their personal security PIN at the front door without being asked and show their employee ID. If you have any doubts about an identity, refuse entry. Call us immediately on the free service number 0800.36372489 or, if you have reasonable doubts about fraud, call the police on the emergency number 110.

Your **security PIN**
for the gas conversion:

1 2 3 4 5 6 7 8

Please have it ready
for all matters!

Do you have any questions?

You can find more information about the gas switch at www.mein-h-gas.de. We will also be happy to answer your questions by e-mail at info@mein-h-gas.de or in person at the natural gas office (at the enercity KundenCenter, Ständehausstraße 6 am Kröpcke, 30159 Hannover).

Kind regards
enercity Netz GmbH

List of your gas appliances to be adjusted

It is possible that not all of the gas appliances we cover are listed here. In this case, we have to adjust the respective appliances at different times due to technical requirements. You will receive an additional appointment for this.
